

PRINCETON HIGH SCHOOL

Advancement of a Course Science Form

To advance, a student must have an A- or better in his/her current accelerated PHS science course. A student may advance only to AP Science courses. In addition, a student must meet any other prerequisite in science and/or math as described in the Program of Study.

Student Name (Print) _____ Grade: _____
Telephone No. _____
Email: _____
<i>(1) Students pursuing a path to advancement through an approved summer program are not guaranteed a seat in the course for the upcoming year. Our science courses and sections are determined in June. We cap student numbers for safety reasons in lab science courses.</i>
<i>(2) Additionally, students may find conflict with other classes in their schedules and changes in the schedule may not be possible.</i>
<i>(3) Finally, advancement is not a pathway to take double science courses.</i>
I have read and understand the requirements and the constraints to advance to an AP Science class.
Student's Signature: _____ Date: _____
Parent's Signature: _____ Date: _____
Current Science Teacher & Course: _____
Recommends: ____ Yes ____ No
Name of Summer Institution: _____
Dates of Program (must be at least 120 hrs.): _____
Drop this form off to the Supervisor of Science, Room 188.2, by May 1, 2014.
Approval for summer course and advancement option by Supervisor.
____ Yes ____ No
Additional Note:

After approval, students should pursue enrollment at a pre-approved institution to advance. By August 5, 2014, final evaluation from summer program needs to be submitted to Supervisor of Science. For additional information, check out the FAQs about advancement on the Science website.
